

LEGATO MULTI-ZONE Heat Pump System

Custom comfort for every room

Indoor Units and Remotes

Outdoor Unit

Total Home Comfort
Deliver consistent, refined comfort throughout your home by connecting up to six indoor units to a single, high performance outdoor system.

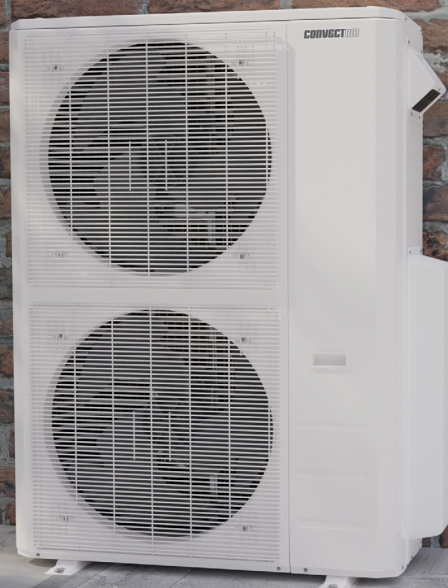

Smart Climate Control
Enjoy Wi-Fi enabled multi-zone management through the Convectair Connect app. Set room by room temperatures, integrate with voice assistants, and experience ultra quiet comfort.

Cold Climate Ready
Engineered for Canadian winters with compressor oil warming and a heated base pan for reliable defrosting and steady performance in freezing temperatures.

Advanced Multi-Zone Design
Customize comfort in every room with independent temperature control, exceptional energy efficiency, and seamless year round operation.

VOLTAGE

LEGATO MULTI-ZONE Outdoor Unit

BTU: 18K, 27K, 36K, 48K

- ✓ Uses R454B refrigerant for superior efficiency and reduced environmental impact
- ✓ Equipped with Hyper Heat Inverter compressor
- ✓ Multiple zone configuration for targeted comfort
- ✓ Golden fin coating technology providing 70% better corrosion resistance
- ✓ Enhanced cold weather operation with specialized oil warming system
- ✓ PTC heating pan prevents ice formation in the base pan of the outdoor unit

LEGATO MULTI-ZONE Indoor Unit

BTU: 9K, 12K, 18K, 24K

- ✓ Built-in refrigerant leak detection system
- ✓ Easy-access washable filters for simplified maintenance
- ✓ Premium white plastic housing with sleek, modern design
- ✓ Features multi-speed cross flow fan system
- ✓ Auto-clean functionality prevents mold growth
- ✓ Anti-freeze protection during extended absences

WHERE IT WORKS BEST

Residential:
Homes, apartments, condominiums, and home additions

Commercial:
Professional offices, hospitality spaces, and dining establishments

Specialty Spaces:
Temperature-controlled workshops and garages

Challenging Environments:
Climate-controlled sun rooms and attic conversions
